Call for Papers

The Department of Automation, Technological Educational Institute of Thessaloniki, Greece, is organizing the 5th International Conference on Technology and Automation (ICTA'05), to be held in Thessaloniki, Greece, 15-16 October 2005. The conference is technically co-sponsored by the IEEE-Control Systems Society, it is held in cooperation with EURASIP (European Association for Signal-Image Processing) and it is co-sponsored by the IEEE-Greece Section and by the IEEE-Control Systems Society-Greek Chapter (CSS-GR). As stated in the title, this is the 5th in a row of a series of conferences held in Greece, the first one held back in 1996.

Scope: The scope of ICTA'05 is to bring together researchers from all over the world and to promote activities in various areas of control and automation by providing a forum for the presentation of technical achievements and future directions. Leading experts from all over the world, prestigious journal editors and chairmen of technical societies participate in the International Program Committee.

Venue: Vellidion Conference Center, Thessaloniki,
